CORRESPONDENCE

EXPLAINED AND APPROVED

Editor Bulletin:

Sir:—Some of the adherents who believe in the new scheme as opposed to the old, numerical scheme, have been told that really too much stress has been laid upon the numerical scheme, and that people having a knowledge of the location of every block in the city, the real necessity for this is a very minor consideration. The people and the large percentage of people really do not care for the numerical scheme, and they are engaged in the printing business stated to the effect that in five years residence in the city he had had no occasion to refer to the river along the C.P.R. and that he could not see the object in becoming an extra stranger to the city, and that he would have liked to see the opportunity to vote again and change whatever.

The scheme which was awarded the prize by the instance of the numerical scheme, and the old numerical scheme, all the avenues south of White Avenue, that is, from the old system of address at 1000. This includes every business man and resident on Napier Avenue, and the C.P.R. does not include. Neither does the "Edmonton" scheme make any change.

Around the City

The funeral of Miss Bridget Herge will take place at 2:15 p.m. on Monday morning from 147 Twelfth street to St. Joachim's Church.

Capt. E. H. Haight, of the Northern Transportation Co., and Mrs. Haight, who have been in the city several days have returned to Athabasca.

The Knights of Columbus will receive communion in a service at the Sacred Heart church, Kingston avenue at 10 a.m. Sunday, April 29th, at 8:15 a.m.

W. J. Ward, general secretary of the Y.M.C.A., will be in charge of a meeting on Sunday afternoon at 4:45 o'clock.

The Alton Line steamer Albatross, sailing from Halifax on March 28th, arrived at Liverpool at 7 p.m. yesterday making the passage in five days and twenty hours.

The morning service at the First Presbyterian Church will be in charge of Rev. H. A. King, D.D., of Rochester, Col., and in the evening, Rev. D. G. McQueen, D.D., will be in charge.

Rev. C. A. McLean, D.D., assistant pastor of First Presbyterian Church, left over the C.P.R. for Toronto on Thursday. Mr. McLean and his mother were on their way hurriedly owing to the illness of his sister.

Car Disabled.—The motor of car No. 24 running between the Highlands and St. James side, was turned out at the corner of Whyte avenue and Main street last night at 8:30. The driver of the car sought out the service for some time.

Last Meetings of Series.—The last meetings of the series held under the auspices of the city council to discuss the money business to be voted on Monday night will be held this evening at eight o'clock in the Empire theatre, 8th and 9th streets, and the C.T.P. cafe, Elm Park.

Rev. D. G. McQueen, D.D., of the Methodist Church, will be in charge on Thursday evening from Toronto, where he was attending a conference of the Board of Christian Education. On the way home the motor stopped at St. James side to open the new Presbyterian church in that city.

Miss Alexander to Repeat Concert.—The concert given by Miss Alexander last night in the McManus Auditorium was such a pronounced success and so many requests have been received from those who would like to hear her again, that she has agreed to repeat the concert at the same place at three o'clock this afternoon.

Epworth League's Banquet.—Next Monday night the Epworth League of the Methodist Church will give a banquet at three o'clock. The subject of the evening will be "The Future of the Church." There will be an elaborate program of speeches, music and other features. The speaker will be the Rev. D. G. McQueen, D.D., of the Methodist Church, who will speak on the subject of "The Future of the Church." The banquet will be held at the C.T.P. cafe, Elm Park.

J. E. Brown, of Hamilton, Bross, will address the Olympic Club of First Presbyterian Church on Sunday afternoon at three o'clock. The subject of the evening will be "The Future of the Church." There will be an elaborate program of speeches, music and other features. The speaker will be the Rev. D. G. McQueen, D.D., of the Methodist Church, who will speak on the subject of "The Future of the Church." The banquet will be held at the C.T.P. cafe, Elm Park.

Sunday School Attendance.—The highest Sunday school attendance of last Sunday was as follows: Metropolitan, 280; St. James, 220; St. John's, 150; Grace, 120; Wesley, 100; Eastwood, 120; Highlands, 120; Rutherford, 100; Main St., North Edmonton, 17; Alberta College, 42; Albany avenue, 12; Riverside, 12; Heights, 25; Richmond St., 12; Riverside, 12; Richmond Park, 12; Calder, 25; Belmont, 25. Total, 2446. The last Sunday in March, 1912, there was an attendance of 1847.

Monthly Exams at McTavish.—The following students have taken first prize in the subjects mentioned at the examining held at the end of April: Correspondence, E. A. Elkie; English, Miss M. Bennett; Junior Typewriting, L. Garrison; Speed Typewriting, Miss H. Giesing; Book Binding, Miss A. Stevenson; Bookbinding, C. Allen.

During the past month the special speed class in night school has been developing wonderfully. It is composed entirely of experienced stenographers, most of whom are regularly engaged in some stenographic work during the day. The work covered includes advanced dictation, court testimony and verbatim reporting of addresses, etc. This speed class will finish its course at the end of April when certificates of graduation will be granted.

There has never before been such a strong teaming spirit in the city as at present attending. Every month a special prize of a large flour barrel, suitably engraved with name of winner is presented to the student making the greatest progress in penmanship. Miss W. Bell, this month, carried off this beautiful specimen. She has done unusually good work.

WINS BIG PRIZE.—The luckiest man in the whole of Edmonton probably is Sam Emerson, a homesteader near Athabasca, and for some time engineer on the boats along the Athabasca River. Mr. Emerson some months ago invented one dollar in a ticket on the Belmont Sweepstakes of Vancouver. Yesterday he received \$4212, his ticket winning the first prize.

Re-Mayer J. H. Woods of Athabasca is a visitor in the city and attended in the parlors of the King Edward Hotel yesterday afternoon, related the story of his fellow-countryman's lack of an interested audience. Perhaps the most interesting of the story of Mr. Emerson's windfall would be his own, that questioner of the day, that some years having laid away some \$2500.

THE GATHERER CASE.—On the application of E. R. Edwards, K.C., counsel for the defendant, Frank Gauthier, committed to the custody of a constable and recently before Chief Justice Harvey in the supreme court, on a charge of larceny tried by the crown prosecutor.

Write Stories For Moving Picture Plays

New, aggressive proposition for Men and Women—One Man Makes \$2500 in Six Months.

Owing to the large number of new motion picture theatres which are being opened throughout the country, there is offered to the man and woman of today a new profession, namely, that of writing motion picture plays. Producers are paying from \$25 to \$100 for each scenario accepted upon which they will make a photo play.

\$2500 in Six Months.
As it only requires a few hours' time to construct a complete play, you can readily see the immense possibilities in this work. One man, who gave the idea a trial, writes that he earned \$2500 in six months. It is possible for an intelligent person to meet with equal success.

One feature of the business which should appeal to everyone, is that the work may be done at home in spare time. No literary ability is required, and women have access to an opportunity as men. Ideas for plots are constantly turning up, and may be put in scenario form and sold for a small price.

Entirely New Field.
Comparative particulars of this most successful and profitable profession may be had FREE OF CHARGE by sending a post card to:

Street Naming Scheme Explained for Benefit of Ratepayers of the City

"Edmonscana" Plan is Outlined in Detail in Article Prepared Under Instructions of Committee of Council and Contributed to the Bulletin for Publication

To anyone who has given a little study to the question, the preparation of a satisfactory system of naming the streets presents many difficulties, even in the physical geography. The Saskatchewan river and valley seem to make it absolutely necessary to name the north and south parts of the city entirely separate. It is a fiction to suppose that any street on the north side can be continued on the south side, except where frequent bridges are practicable, and this is the case of Edmonton is impossible.

The map of the city submitted herewith will require explanation, which we will endeavor to give briefly. In the north side as a basis, and from which all streets are named, the street "East" has been taken. The streets from the river to the first street south of Jasper, are named in accordance with the original plan of the city.

Consideration was given to the numbering of the streets east of Jasper, but the frequent change of direction which it was considered, this also preventing a numbering, and the necessity for dedicating the streets "East" and "West" in naming the streets running north and south in what is known as the "Edmonscana" plan, an endeavor has been made to name the streets in accordance with the original plan of the city.

Jasper Avenue having been taken as the base, the streets to the north and south of Jasper are named in accordance with the original plan of the city.

one the name of a river, commencing with the same letter as the next street. The names of the avenues south of Jasper avenue have been generally retained, but the description "some" which changed in order to denote that they are not in a region where there is a regular series of avenues, alphabetically named. (i.e. Victoria avenue, because Victoria Drive, which is a through street, has been altered to Parliament road.)

The names north of what is the location of Jasper Avenue beyond the river have been alphabetically named after streets. Jasper Avenue having been taken as a base, the streets from the river to the first street south of Jasper, are named in accordance with the original plan of the city.

Any system of naming or numbering from a center will have to denote the direction north or south, east or west, on some streets. It is believed that in the scheme now submitted,

the necessity for this has been reduced to a minimum.

While it is to be retained the name of old streets, on the case of Fraser Street, we consider a poor name for the name of an avenue.

Zam-Buk Saved his Finger

When Blood Poisoning Followed Out

Mr. Albert Brennan, member of 141 Lindsay Ave., Toronto, has good cause to be thankful for Zam-Buk. While at work, he cut the middle finger of his right hand. Some time passed before the wound healed, but the finger was swollen and painful. It bled in hot water and applied the ordinary ointments, but the pain got worse, and the swelling continued. Not only so, but the area of the inflammation extended until from finger to elbow was inflamed and sore, and he knew that blood-poisoning had set in. He had to give up his ordinary work, and suffered acute pain.

Finally he decided to enter St. Michael's Hospital, but just before doing so, a friend advised him to try Zam-Buk. Mr. Brennan selected this advice, and soon proved Zam-Buk's great value. He says: "I cured the pain almost as soon as applied, and within a day of first using the ointment the inflammation was back at work. Of course, I mean that in that time the wound was healed, but the pain had been and the danger from blood-poisoning was averted. After that, Zam-Buk was only a matter of a short time. I have no hesitation in saying that Zam-Buk saved my finger, and I am very glad to state these simple facts publicly."

Zam-Buk is equally effective for skin, throat, rheumatism, eruptions, ringworm, children's rashes, scalp itching, chapped hands, frost-bite, and cold sores. Every household should keep a supply handy, and no mother should be without it in the home. Sold by all druggists and stores. Send for post free from Zam-Buk Co., Toronto, upon receipt of price. No false substitutes.

RE-ORGANIZE DEPARTMENT.

Toronto, April 2.—Judge Denton, of the York County court, this afternoon said in his report on the recent investigation into the city architect's department of Toronto. He recommended that the department be completely re-organized under another name, and that the practice of the department be completely re-organized under another name, and that the practice of the department be completely re-organized under another name.

Two German Dreadnaughts. Copenhagen, China, April 2.—Two German dreadnaughts Kaiser and Kronprinz Albert and the cruiser Strassburg arrived here today, accompanied by a steamer loaded with German troops. Great crowds gathered to meet them, and extensive preparations have been made to entertain the officers and crews.

Peace River Crossing

ROSED LE

Rosedale is situated on the west side of the Peace River 2,800 feet south of the Ferry Landing. Rosedale has 3000 feet of excellent river front, some of our lots having a 66 ft. frontage. There is a well founded rumor that the C.N.R. have located their line down the Smoky River which joins the Peace a short distance above Rosedale. They have also acquired considerable land a short distance south of Rosedale on the same side of the river. Therefore, Rosedale is centrally located between the E. D. & B.C. and the C.N.R. property. We are selling these lots very rapidly and would advise intending purchasers to close up immediately as we must advance prices in the very near future as our present prices are less than half what the lots are really worth.

Present Prices: \$130 to \$400 per Lot

NEW ANAESTHETIC IS EXCITING INTEREST

Urethane, Administered Hypodermically, Places Subject in Deep Unconsciousness

London, April 3.—Urethane, the new anaesthetic, is causing much excitement in the scientific world. Varieties of operations from which great hopes are held out, have been made at Cambridge with animals as the subjects. The drug is a powerful narcotic, and also, administered hypodermically, it produces a state of unconsciousness, becoming insensible to all pain and, therefore, any operation may be carried out with perfect security. The advantage claimed for urethane is that heart failure never occurs where it has been properly used. Another advantage is that the subject is not accompanied by chills, as experienced with ether and chloroform.

BRITISH AVIATOR MAKES OTHER START IN RACE

Verrier Leaves London at 6 o'clock and Arrives at Calais at 8 o'clock

London, April 3.—The British aviator, made another start at a 4,000 mile race, his attempt to fly to Monaco. He is one of four representatives of Britain competing in an air race from seven different cities of Europe to the Mediterranean coast. He carries a machine with him as a passenger.

Verrier arrived at Calais at three minutes to eight. He was met by the conditions of the contest competitors starting from London, Paris, Rome, a descent at Calais and at Dijon, where descended and immediately ascended again and started for Dijon.

The competitors have fifteen days to complete the race, and Verrier flew from London to Monaco.

FIVE KILLED BY BOILER EXPLOSION AT WESTVILLE

Boiler at Drummond Colliery, Westville, N.S., Explodes—Two Other Men Dyed

New Glasgow, N.S., April 3.—Five men were dead as the result of a boiler explosion at the Drummond Colliery, Westville, when boiler No. 5 of the main set of boilers, without warning of any kind, went up. Two more of the men are dying and two more fighting flames.

Two men were killed instantly. One died on the way to the hospital and two more died in the hospital. The men are Daniel McMillan, Frank Ryan, Arthur McCarry, and Samuel Joseph, William Rette.
